WHAT?

The feminist and women's movements is a **campaign** that can use Beijing + 25 to advance a **Feminist and Women's Movement Action Plan**

We can break down silos, build a **transformative framework** and build **new alliances and solidarity** as well as develop an **action plan** and **feminist action coalitions**

WHY?

We must leverage the power of global consensus and binding legal obligations for accountability:

- Beijing Platform for Action
- Convention on the Elimination of all Forms of Discrimination against Women (CEDAW) and other human rights treaties
- The sustainable development goals (SDGS)
