HOW DO I ENSURE SAFETY AND SECURITY DURING MY PARALLEL EVENT?

- Ensure you are fully familiar with the capabilities and security features of the communications platform you are using for your Parallel Event (Zoom, Webex, Google Meets, etc.).
- The best way to ensure a secure event is to limit attendee participation. However, if you’d like your event to be interactive, there are still many ways to prevent and handle disruption.
- Read our recommendations for hosting a safe and secure virtual Parallel Event.

WHAT DO I DO IF I EXPERIENCE HARASSMENT OR AN UNSAFE ENVIRONMENT DURING THE FORUM?

- Report it to virtualsafety@ngocsw.org and we will address the issue immediately.
- Any organization or individual who is determined to be disruptive, violent, and/or has violated our Virtual Safety Guidelines will be permanently removed from the NGO CSW66 Forum Virtual Portal.
FAQs FOR PARALLEL EVENT ORGANIZERS

CAN I MAKE CHANGES TO MY VIRTUAL PARALLEL EVENT ONCE IT’S BEEN ACCEPTED AND UPLOADED TO THE VIRTUAL PORTAL?

Yes. You’re allowed one free change request form submission per event. You can include several edits to your Parallel Event in one form submission. However, each additional form submission is a $25 fee. All change request submissions must be submitted by 1 March. We recommend waiting until closer to the Forum to submit all of your changes for your event.

HOW WILL NGO CSW66 FORUM PARTICIPANTS REGISTER FOR MY VIRTUAL PARALLEL EVENT?

We highly recommend that Parallel Event organizers set up registration for their event, as it greatly decreases the risk of Zoom-bombing and disrupters in your event. For example, if you are using Zoom for your event, you can require registration. If you use a communications platform that does not have a registration option, you can set up a simple registration form on Eventbrite or similar website. For information about the different communications platforms and their capabilities, review this resource.

Your event page will have a button with the link to your event’s registration or a link to join your session directly at the time of your event. Forum participants will be able to click that button to register for your event (if you are requiring registration). For a sample of what your virtual Parallel Event page will look like, click here.

Participants will also be able to add events to ‘My Agenda’ in the Virtual Portal which adds Forum sessions they are planning to attend to their schedule.
**WHY DO I HAVE TO USE MY OWN VIRTUAL MEETING PLATFORM FOR MY EVENT?**

Using your own meeting platform gives you much more control over preparing for your event, opening the green room, setting up interpretation, and managing your event recording.

**DOES NGO CSW/NY PROVIDE INTERPRETATION FOR VIRTUAL PARALLEL EVENTS?**

No. NGO CSW/NY does not provide interpretation for virtual Parallel Events. We encourage Parallel Event organizers to provide interpretation for their event, but we are unable to provide interpretation services to them.

**HOW DO I PROMOTE MY EVENT?**

- Purchase a digital Handbook Ad
- Post about your work in the Message Board on the Forum virtual Portal
- Engage with Forum participants who work on similar issues
- Promote your event to your constituency/mailing list/community
